

## STEPPING UP OUR EFFORTS TO REACH THE NEXT GEN OF ENTREPRENEURS

PLACE: CED NARODA CAMPUS

### SECOND GENERATION PROGRAM ON CAPITAL MARKET

This program was aimed to provide valuable insights into investment strategies, and empower participants with the knowledge needed to navigate the complexities of financial markets. This workshop serves as a vital resource for individuals, investors, and professionals seeking to understand and participate in capital markets effectively.

With 37 Participants, this program was a huge success.

### WEBINAR ON STEPS TO A WINNING PROFITABLE & SUSTAINABLE BUSINESS

This webinar was an informative online event designed to empower entrepreneurs and aspiring startup enthusiasts with the essential strategies and insights needed to establish and maintain a thriving, financially sound, and environmentally responsible business. This webinar delved into the core principles of business success and sustainability in today's competitive landscape.

35 Participants were a part of this webinar.

### SECOND GENERATION PROGRAM (SGP) ON "HOW TO START & GROW YOUR BUSINESS USING SOCIAL MEDIA & E COMMERCE"

The "How to Start & Grow Your Business using Social Media & E-Commerce" program was a comprehensive program designed to help entrepreneurs, small business owners, and aspiring e-commerce enthusiasts harness the power of social media and online commerce to establish, expand, and thrive in today's digital landscape.

### PLASTIC WASTE MANAGEMENT WORKSHOP

Our recent Plastic Wisdom Seminar provided participants with invaluable insights into home composting, eco-bricking, waste segregation, and effective waste management. This workshop aimed to inspire individuals, communities, and businesses to take meaningful steps toward reducing their plastic footprint and contributing to a more sustainable future.
