FOUNDERS' TALK

for CED incubatees

Founders Talk helps to seek guidance from stalwarts who have successfully overcome business challenges. The objective is to encourage our incubatees in the same domain to make better business decisions to achieve their goals.

CED had organized the first such talk with Satvic Foods Founders - Viraj Mahajan & Jamana Mahajan for our incubatees working upon their Satvic Startup. CED would like to thank Mr. Viraj Mahajan for providing his precious Sunday afternoon to share his journey of Satvic Foods and also for his precious guidance to our participants. Story of satvic.in is an inspiration to many of us.

GST SEMINAR AT CED NARODA CAMPUS

The informative session on GST was very helpful for participants to understand the concepts of GST (Indian Taxation System) and its impact on the Indian economy. The speaker highlighted the concepts related to GST - difference between goods and services, GST as an indirect tax, cascading effect present in old tax regime and how it affected individuals, general public, companies, and industries, etc.

FACULTY DEVELOPMENT PROGRAM (FDP)

Faculty vitality is the main ingredient to enhance competence. It helps in improving the working environment significantly while enhancing the performance of employees/workers. CED organized such a FDP program recently. 45 trainees attended the session.
