Unleashing the Power of Second Generation Strategies for Entrepreneurs & Employees

SECOND GENERATION PROGRAM ON "HOW TO CONVERT YOUR BUSINESS INTO AUTOPILOT MODE" - CONDUCTED ON 4/11/2023

This seminar was aimed at empowering entrepreneurs like you with cutting-edge techniques to elevate their business to new heights and to address the management challenges offering a comprehensive exploration of vital aspects such as technology upgradation, product diversification, quality marks, international strategies, export procedures, financial management, and survival tactics in today's competitive market.

Entrepreneurs received in-depth training and ongoing support to master the auto-pilot system. Participants uncovered the potential of automation tools, acquiring knowledge on leveraging the latest technologies for streamlined processes, enhanced efficiency, and strategic decision-making.

SECOND GENERATION PROGRAM ON ACHIEVEMENT MOTIVATION FOR EMPLOYEES OF SAMRAT NAMKEEN, NARODA - CONDUCTED ON 24/11/2023

A Second Generation Program (SGP) was organized recently for the dedicated employees of Samrat Namkeen. The program aimed to inspire and empower Samrat team members with valuable insights into achievement motivation.

The session had practical tips, real-life examples, and case studies, fostering discussions on the significance of motivation in the workplace. The inclusion of team-building activities and success stories of industrialists, along with their marketing strategies, further enriched the learning experience.
