EMPOWERING DREAMS THROUGH ENTREPRENEURSHIP PROGRAMS

Bhavnagar Region –The Land of Business Opportunities

Starting your business is a like plantation of sapling. First, you have to invest your time and money in business. After, you must take care of it while expecting nothing in return. But when your startup blossoms, it makes all the patience and hard work worthwhile.

However, like saplings, many startups fail to grow and many die one-to-three years after launch. While, there are many factors of leading to the failure in a Start-up, one of the main reasons is the lack of expert startup advice founders receive.

Experience of a seasoned entrepreneur is precious -- and no matter how many theoretical models you study, you simply can't replace the experience they've gained through actually doing the work, failing, and succeeding. Bhavnagar Region is also working and designing various training programs as per needs of local entrepreneur and students like Canva Design Practical, financial discipline, Export-Import, conflicts and solutions, plastic waste recycling etc. Bhavnagar Region performs the role of a mentor and startup advisor.

Being a Serial Entrepreneur

Pros

- Diverse Skill Set
- Networking Opportunities
- Risk Management
- Learning and Growth
- Innovation

Cons

- Financial Risk
- Brand Dilution
- Market Saturation
- Emotional Toll
- Time Commitment

"Do not focus on numbers. Focus on doing what you do best. It's about building a community who want to visit your site every day because you create value and offer expertise."- is the motto of CED Bhavnagar Region Office. We develop entrepreneurship traits and make competent and ethical employees by conducting continuous training programs in Bhavnagar and surrounding areas of the city.

At- Sarovar Portico Hotel, Near Water Tank Kaliyabid, Bhavnagar.

Program Date: 14-11-2024 | Total No Participants- 50

Industrial Visit of EDP CED Trainees for Practical Exposure

The objective of industrial visits is to bridge the widening gap between theoretical learning and practical exposure by giving CED Trainees first-hand exposure to identify the inputs and outputs of different business operations and processes performed at the workplace. Industrial visits provide students with a chance to meet industry leaders, professionals, entrepreneurs, policymakers, and corporations who share their wisdom, learning, and experiences. These interactions are useful to CED Trainees in their careers and help them in developing leadership qualities, and management skills while learning about the industry. Industry interaction is also helpful in updating the curriculum when there are significant changes in prevalent technologies. Bhavnagar Region provides Industrial Visit to CED Trainees to nearest areas units of Chitra GIDC with different sectors such as Plastic, Food, Oil Mill, Ice-cream, CNC, Agarbatti Making Machine, Soap etc.

Nareshbhai Sutariya, CED Entrepreneur and Owner of Sutariya Gems, Bhavnagar

As per above successful entrepreneurs story, both stories say that they started with a small investment in Grocery and Diamond Business in Bhavnagar.

Positive Work

Entrepreneurs boost economic growth by introducing innovative technologies, products, and services. Increased competition from entrepreneurs challenges existing firms to become more competitive. Entrepreneurs provide new job opportunities in the short and long term. CED Bhavnagar Region Team empowers skilled people and institutes to plan future program with the cooperation of our team members. There are certain visits and meetings with the key people from different institutes, NGOs and companies to conduct entrepreneurship training programs like EAW, HRD, SGP, etc.
