

WALKING TOGETHER TOWARDS THE **PATH OF DEVELOPMENTAL CHANGE**

■ Post Covid: Generating Employment & Socio-Economic Growth

Special interaction in collaboration with FICCI

The COVID-19 pandemic has evolved from a major public health crisis to become also a major economic and jobs crisis, the full extent of which is still unfolding. An interaction on how to rebuild and reimagine jobs amid the coronavirus crisis was undertaken with a panel of experts in collaboration with FICCI.

Specialized Training Programs for CED Officers

on Start-Up for Personal Growth

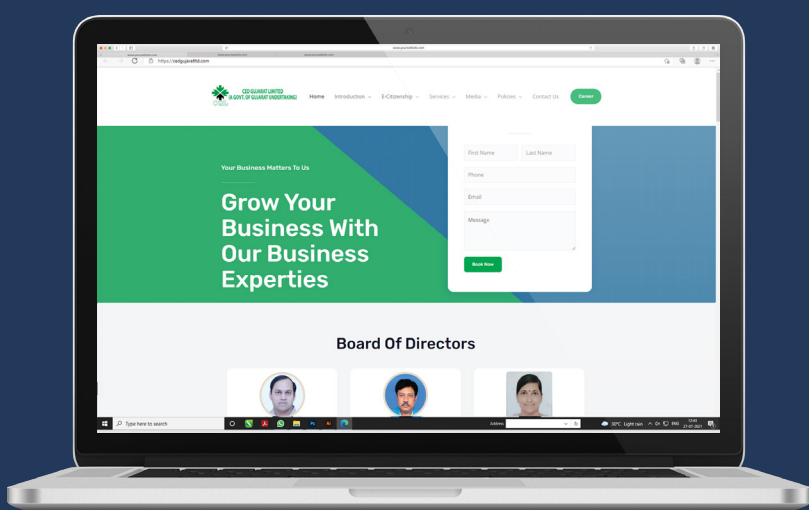

Setting your team members up for success in their role starts with giving them all the essential training. CED initiated a training program for its officers to encourage innovation & out of box thinking for their own personal growth.

Regular Interaction with Regional Offices

One to one interaction with each and every regional office is undertaken on a regular basis to develop an innovative way of working instead of traditional one. Suggestions are underway to arrange for new workshops, training and seminars to open up further opportunities for the participants & the officers as well.

■ Fortnightly discussion on stress management

Work-related stress doesn't just disappear when you head home for the day. When stress persists, it can take a toll on your health and well-being. Considering this, CED aims to create a healthy workplace for all by encouraging sessions of stress management.

New Horizons

Upcoming projects for CED Gujarat Ltd.

CGL has been established to cater to the needs of consulting & advisory services for Govt. projects. With this new initiative, we aim to grow your business with our business expertise & experienced mentors.
